EDUCATION

Gayatri Vidya Parishad College of Engineering (Autonomous)

Bachelor of Technology (B.Tech) in Information Technology

Visakhapatnam, India

Aug. 2022 – May 2026

Sasi Junior College

Intermediate in Maths, Physics, and Chemistry

Nidadavole, India

Apr. 2020 – May 2022

SKILLS

Languages: Python, C, C++, SQL, HTML, CSS, JavaScript

Frameworks: React.js, Node.js, Express.js

Database: MySQL, MongoDB

Tools: Git, GitHub

EXPERIENCE

PaloAlto Cybersecurity Virtual Internship

Remote

Apr 2024 – Jun 2024

India

- Gained hands-on experience in cybersecurity fundamentals, network security, and threat detection.
- Learned about firewall management, intrusion detection systems (IDS), and security best practices.
- Developed skills in incident response, vulnerability assessment, and risk management.
- Completed practical exercises in threat analysis and mitigation strategies.

Android Developer Virtual Internship

Jan 2024 – Mar 2024

- Gained hands-on experience in Android application development, focusing on building and optimizing mobile applications.
- Followed Agile methodologies to complete tasks and collaborate remotely with a global team.
- Implemented best practices in Android development, ensuring high code quality, performance, and user experience.
- Contributed to debugging and troubleshooting application issues, improving overall app functionality.

PROJECTS

Learn Hub – Online Learning Platform

Nov 2024 – Present

- Developed a full-stack online learning platform using HTML, CSS, JavaScript, Node.js, Express, and MongoDB.
- Designed a responsive and interactive UI for seamless user experience.
- Built a dynamic dashboard for seamless course navigation and progress tracking.
- Created RESTful APIs to handle user data and course management.
- Implemented user authentication and authorization using JWT and bcrypt for secure access.

Online Food Ordering Website

Jun 2024 – Oct 2024

- Developing a full-stack online food ordering platform using HTML, CSS, JavaScript, Node.js, Express, and MongoDB.
- Creating RESTful APIs to manage user orders, menus, and payments.
- Building a dynamic dashboard for users to browse restaurants, add items to cart, and place orders.
- Designing a responsive UI for an intuitive user experience.
- Planning to integrate payment gateway, order tracking, and real-time notifications.

ACHIEVEMENTS

Ranked in the Top 20 of the College Cohort

Gayatri Vidya Parishad College of Engineering

Visakhapatnam, India

Solved 100+ LeetCode Problems

LeetCode

- Strengthened algorithmic thinking and problem-solving skills through competitive coding challenges.
